1. In Place Costs Assume:
 \$12.10 per CY Pipe Excavation
 \$10.40 per CY Pipe Backfill
 \$43.00 per CY Aggregate Base
 \$71.00 per Ton Asphalt Concrete
 Trench Depth = Pipe Outer Diameter + 5' Cover
 Trench Width = Pipe Diameter + 2' Cover
 Pipe Cost Includes Transportation Costs
2. Without AC Paving and Base Includes Excavation and Backfill
3. With AC Paving and Base Includes Cost of Excavation and Backfill

INSTRUCTIONS

PLAN CHECK DEPOSIT BASED FEE WORKSHEET

1. Quantities are to be taken from the submitted improvement plans. Quantities for all flood control and drainage facilities shall be provided, including connector pipes and catch basins.
2. Unit costs shall be as provided on the worksheet.
3. Major items not listed on the worksheet shall be listed in the spaces provided at the bottom of the sheet. If more space is needed, attach a separate sheet and include the total on the worksheet.
4. Cost for items not listed on the worksheet shall be based on the consulting engineer's independent estimate of construction cost. If the District's unit costs are determined to be too low by the District engineer, then higher costs, as appropriate, shall be used. All costs shall include the complete construction of each item including all labor, equipment and materials.
5. All concrete pipe shall be estimated as Reinforced Concrete Pipe (RCP), not as Cast-in-Place Pipe (CIPP).
6. No quantity estimate is required for Junction Structure Nos. 3, 4 or 7. Their cost is considered to be included in the box, pipe and channel costs, respectively.
7. Bridges shall be estimated individually. Attach a separate sheet with the quantity and the unit cost for each item. Transfer the total cost to the worksheet.
8. Please notify the District of any change in contact information in a timely manner. It is the consulting engineer's responsibility to notify District of any changes thereof.
9. It is strongly recommended that the consulting engineer **does not** submit plan check deposits for their client, as the consulting engineer will be billed as the applicant and be responsible for all payment of invoices associated with the project.
10. If submittal is rejected, you will be notified within ten (10) working days.
11. At the time of billing, a 2% County surcharge will be added to the bill per adopted Ordinance 749. A refund will be processed within 45 days of final District approval of a case when there is a remaining balance greater than \$5.00.
